

# Little Hands To Heaven

*A Fun, Complete, Hands-on, Bible-based Preschool Program  
written for 2-5 year olds to enjoy!*

Nothing should be more exciting than beginning to homeschool each of your children. *Little Hands to Heaven* is written with the thought of preserving this excitement in your children, and also in you. This program will help your child's first impression of homeschool to be that it is fun, easy, active, and full of "playtime" and "cuddle-up-time" together.

*Little Hands to Heaven* is a collection of 33 units based on children's favorite stories from the Bible. Each unit has a theme centered around Bible characters, and simple coordinating activities help draw your child into the story by bringing the characters and events to life. Children will help Noah usher the animals off the ark, pray with Jonah inside the fish, build a temple out of marshmallows, find missing sheep to return safely to their pen, and do many more memorable "being part of the moment" activities!

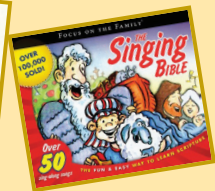

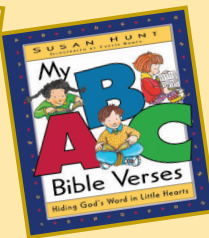

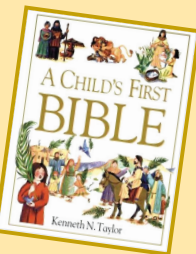

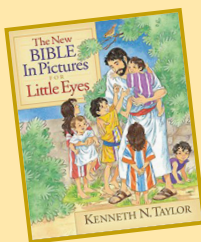

This teacher's guide takes all of the guesswork out of what must be taught in preschool. Letter recognition, letter formation, letter sounds and motions, and early math skills are taught in such a way that children will have a solid start to homeschool. Bible activities, devotional topics,

and fingerplays ensure that God's word is an integral part of your child's learning right from the very beginning. Art projects, dramatic play, active exploration, and corresponding music bring out the creative side of children and allow for necessary movement as they learn.

*Little Hands to Heaven* is also written with the busy homeschool teacher in mind. Simple daily plans are truly "open-and-go", and require little or no preparation ahead of time. You will not be running to the store to gather supplies because these quick and easy activities use only materials you'd expect to find in your own home. You will also not

be making any last minute trips to the library – just simply use your own Bible or purchase one of the suggested ones, and decide whether you'd like to use one of the suggested devotionals and music, and you're covered.

Short on time? No worries – *Little Hands to Heaven* has a simple boxed format of plans that allows you to do homeschool in 5 minute increments spread throughout the day, or in one 30 minute sitting all in a row. In fact, it's so flexible, that many parents have their older children do a box or two with their little one here or there for some special sibling time together.

## Comments

*Now, why not take a minute  
to see what other homeschoolers  
have to say about  
Little Hands to Heaven?*

"This is a great program to get those tender little hearts learning about God's love."

**Michelle Nicholson -**  
*The Old Schoolhouse Magazine*

"I want to thank you  
for the sweetest preschool curriculum!  
I only wish I had known about it  
when my oldest was a tot."

**Melissa in Pittsburg, PA**

"The whole curriculum is wonderful!  
The most exciting part is knowing  
I am contributing to the learning of the Bible  
stories in my children.  
My children were 2 & 3 when we started,  
and they were both able to understand  
the materials!

Great job Heart of Dakota!  
P.S. - My kids absolutely love to do "school"!!  
Thanks!"

**Lindsey in Denver, CO**

"I have been using *Little Hands to Heaven* with  
my two little girls for about 1 1/2 years.

They love the activities  
and I love the short prep. time  
and Biblical emphasis."  
**Kari in Cedar Falls, IA**

"The kids just love to do school,  
and it is amazing how well they are picking up  
on the Bible stories,  
the phonics, cutting, counting,  
and Bible verses.

The older boys count by two's  
and are starting 3's.  
We hang all of their art work  
on the wall, so they can tell the story  
of Christ from Creation on.

I just wanted to tell you  
how your family blessed us!"  
**Sandra in Sarasota, FL**

## Creation and the Fall

Unit 1 - Day 1

### Fingerplay

Do the fingerplay *"Adam and the Animals"*. Focus on the sound and motion for the letter 'A'.

**Key Idea:** 'A' = place hands on cheeks, act surprised, and say A-A

### Letter Activity

Copy the 'A' flashcard found in the Appendix. Show the letter side of the flashcard to the students. Read the *Hint* aloud. Demonstrate the motion and sound for 'A'. Have the students repeat it.

**Key Idea:** Students should eventually do the motion and say the sound for each flashcard without needing a *Hint* or a demonstration from you.

### Bible Story

Read the Bible story from one of the following resources:

- ✓ Scripture: Genesis 1:1-5
- ✓ *A Child's First Bible* p. 6-7
- ✓ *The New Bible in Pictures for Little Eyes* p. 14-15

**Key Idea:** God made the world.

### Bible Activity

Turn off the light and have students cover their eyes. Say, *See how dark it was before God created everything. There was nothing. God said, "Let there be light..."*

Have students uncover their eyes. Turn on the lights. Have students point and name objects they see.

**Key Idea:** God created everything. Without him, there would be nothing.

### Art Activity

Tell students to draw objects or marks on **white paper** with **white crayons**. Possible ideas for objects include stars, moon, trees, sun, animals, planets, and people.

Use water to **dilute black tempera paint**. Have students paint over the drawings to make them appear.

**Key Idea:** God created all things from nothing. Could you do that?
