

Preparing Hearts For His Glory

*A Motivating Third or Fourth Grade Program
filled with history's finest and most memorable stories...
written to inspire 8-10 year olds!
(Extension Package available for fifth and sixth grade children)*

Wouldn't you love to gather your children around a cozy fireplace to listen to a great storyteller share true and mesmerizing stories from the past? Well, stoke the fire, and gather your children around, because *Preparing Hearts for His Glory* features some of the best "storytellers", sharing some of the best stories, ever to be told! This compelling program gives a sweeping narrative view of world history from Creation to the late 1900's. Biblical stories are interwoven with other stories from world history, so your children can begin to view history as one long continuous story to be enjoyed. Children will no longer be confused into thinking that Bible history is separate from World History. Instead, this program will have your children understanding that all of history belongs to God...that all of it was, is, and always will be, written by the most wonderful Storyteller of all... because all of it really is actually "His" story!

*Preparing Hearts
for His Glory* has
35 exciting units

with complete plans organized into two simple sections called "Learning Through History" and "Learning the Basics". This two-pronged approach to learning lets you relax and completely enjoy teaching your children, with a calm assurance that all of your "bases are covered". In the "Learning Through History" part of the program, your children will gain a chronological and biographical overview of world history from Creation to the late 1900's. Your children will enjoy becoming an active part of the history they've read about as they design a coat of arms on a shield of faith to help them fight battles of Spiritual warfare; create an Ice Age cave art painting to praise God for animals to hunt; build a clay or playdough model showing the Tigris River, Euphrates River, and the wall of ice; use hieroglyphics to make a cartouche of a lady Pharaoh named Hatshepsut; make an Egyptian meal of seed cakes to reenact Joseph revealing his true identity to his brothers; and reenact many more historical events as they travel through the landmark events of world history!

And...there's more! The "Learning Through History" theme is filled with other great history

Preparing Hearts For His Glory

connections too! Corresponding history read-alouds, geography quick-finds, timeline entries, vocabulary study, research questions, history projects, copywork of quotes/verses/passages, history notebooking sessions, oral comprehension and opinion questions, independent literature readings and assignments, oral narration retellings, written narration lessons, and meaningful Biblical applications dig deeper into the history theme and teach needed skills too. In *Preparing Hearts for His Glory*, each part of history is a breath of fresh air that gives vibrant new life to the past!

The “Learning the Basics” part of *Preparing Hearts for His Glory* is a treasure chest full of innovative ways to teach fundamental skills. Language arts has poetry study of Robert Louis Stevenson, Charlotte Mason style dictation passages, reliable grammar lessons, productive writing lessons, and literature studies that utilize our award-winning program *Drawn into the Heart of Reading*. Science is based on biographical and living book readings, and it includes science notebooking sessions, hands-on science experiments, oral narrations, science comprehension questions, and Biblical application questions that link to science. Bible study of the Psalms, Bible passage memory work, and songs with the Psalms set to music, provide even more

natural connections to the Scriptures. Finally, for your convenience, math is written to be very flexible and offers several levels of instruction to best accommodate your children’s needs.

In case you are starting to worry about how long all of these exciting plans may take you to do, cast your worries aside, because *Preparing Hearts for His Glory* takes about only 4 hours each day to do, and it only has plans for 4 days a week! This leaves more than enough time for even the busiest of homeschool teachers, and allows you to either use the fifth day of the week to explore other interests, or to stretch the 4 day plan into 5 days. Also, you won’t be wasting time looking for books at the library, searching for materials at the store, or studying plans ahead of time to prepare to teach. Convenient packages of resources and the use of only materials you’d typically find at home make this program ideal for homeschooling. Simple daily plans organized in a two-page, boxed format let you see at a glance what you’ll be doing each day and make teaching ultra-easy by noting whether plans are “teacher-directed”, “semi-independent”, or “independent”. This “boxed-style” of plans makes it simple to do school all in one sitting, or divide it by spacing out the boxes of plans throughout the day. Teacher guides just don’t come any easier to pick up and teach from than *Preparing Hearts for His Glory*!

Learning through History Focus: Creation to Noah

Unit 1 - Day 1

Reading about History T

Read about history in the following resource:

★ *Grandpa's Box: Ch. 1 p. 9-14*
Note: Parents may also wish to read p. 281-282 silently.

A After today's reading, say, *Tell me what you learned about Grandpa from today's story.* (comprehension) *Where did Grandpa get his yellow, wooden box? (Knowledge) How does Grandpa use the yellow box? (application) Decide what war Grandpa could be talking about. (evaluation) Predict who might be the enemy Grandpa mentioned. (synthesis)*

Key Idea: Marc and Amy enjoyed visiting their Grandpa at his shop. Grandpa brought out his yellow box of carved figures. He was preparing to tell Amy and Marc some war stories.

History Project S

B This unit you will be designing a shield of faith and your own coat of arms to place on it. Cut out a piece of white paper in the size and shape of a shield. You will use this paper to draw your coat of arms.

What are some symbols of faith? (i.e. cross, dove, empty tomb, crown, Easter lily, etc.) On the white paper that you cut out, sketch with pencil a design using symbols of faith to be your coat of arms. Do not color the design in. Save the design for Day 2.

Key Idea: Grandpa was talking about a spiritual war. In a spiritual war, we need the full armor of God to protect us.

Independent History Study I

C ★ *Read Draw and Write Through History* p. 4-5. Follow the directions given on p. 6-7 to draw and color plants and trees on white paper. Either store completed drawings in a 3-ring binder with plastic page protectors or use a sketchbook with half blank and half lined pages.

Key Idea: The history of earth began with creation, which showed God's mighty power.

Storytime T

Read aloud the following assigned passage:

★ Ephesians 6:10-20
Note: Today's discussion should have a conversational feel. Share about a person, time, event, or emotion from your life that the passage today brought to mind. Next, have your child share a connection.

Key Idea: Connect personally to the passage.

Research S

Ephesians 6:10-17 talks about the armor of God. In verse 16, what piece of armor is mentioned? A shield often had a coat of arms on it. What is a coat of arms? Where could you look to discover more about a coat of arms? A dictionary will give you a definition of a coat of arms. An encyclopedia will tell you what a coat of arms is and show you a picture of it. Use a reference book or an online resource like www.wikipedia.org to look up coat of arms. Depending on the resource you use, you will have to type coat of arms in the search or look it up in the index.

B Orally answer one or more of the following questions from your research: *What is a coat of arms? Which types of designs were used to make a coat of arms? What color patterns were used when making a coat of arms? Who designed the coat of arms?*

Key Idea: The shield of faith protects Christians from the arrows of the enemy. A shield's coat of arms identifies a soldier. Can people identify that you are a Christian?

Learning the Basics Focus: Language Arts, Math, Bible and Science

Unit 1 - Day 1

Poetry T

F Read aloud to the students the poem "The Swing" (see Appendix). Ask, *What does the poem say about swinging? Describe what the child sees as he/she swings. What feeling do the last two lines of the poem give you?* Read the poem again with the students.

Key Idea: Read and appreciate a variety of classic poetry.

Language Arts S

Have students complete the first studied dictation exercise (see Appendix for directions and passages).

Help students complete one lesson from the following reading program:

★ *Drawn into the Heart of Reading*

Work with the students to complete one of the English options listed below:

- ★ *Beginning Wisely: Lesson 2*
- ★ *Building with Diligence: Lesson 1*
- ★ Your own grammar program

Key Idea: Practice language arts skills.

Bible Study T

I Say, *Find Psalm 1:1-2 in your Bible. This is the memory selection for this unit. Read the verses out loud. Ask, In Psalm 1:1, what kind of man does it say is blessed? What does it mean to counsel someone? Can a good man still give ungodly counsel? Why is it important to receive counsel from those that are faithful to God? What does it mean to mock or scorn someone? How does living an ungodly life mock or scorn God? What does Psalm 1:2 say is the delight of a Godly man? How does the word of God show us His law? Explain what it means to meditate. Why is it important to meditate on God's word? Have students say the verse 3 times, adding hand motions to help remember the words.*

✓ *Lead Me to the Rock CD*
Track 4: Song: "His Delight" (vs. 1-2)

Key Idea: A Godly man is faithful and delights in studying God's word.

Math Exploration S

Choose one of the math options listed below (see Appendix for details).

- ★ *Singapore Primary Mathematics 2A/2B, 3A/3B or 4A/4B*
- ★ Your own math program

Key Idea: Use a step-by-step math program.

Science Exploration I

H ★ *Read One Small Square: Arctic Tundra* p. 3-5. Day 1 of each unit includes a science notebook assignment. Store completed notebook entries in a 3-ring binder with plastic page protectors or a bound sketchbook with unlined pages. At the top of an unlined paper, copy Genesis 8:22 in cursive. Beneath the verse, draw or trace the map from p. 48 of *One Small Square: Arctic Tundra*. Color the tundra blue. Copy the first sentence of text from p. 48 next to your picture. Look on a real globe to see where the tundra is found.

Key Idea: The arctic tundra is known for its long, cold winters and chilly summers. The tundra is located within the Arctic Circle where the sun is farthest away from the earth.

C Independent, supplementary readings assigned from real books correspond with time periods being studied. Oral narration, copywork, notebook entries, and Biblical connections round out the independent readings.

D Corresponding read-alouds make history come alive. Activities include oral narration as a character in the story, comparison to historical time periods, Biblical applications, and personal connections.

E Lessons on beginning research skills, vocabulary, map and globe work, and timeline entries rotate throughout this part of the plans each unit. These coordinate with the history stories.

H Each week, an experiment, a notebook entry, questions to answer (including Biblical application), and oral narration practice coordinate with the daily independent readings.

I Students discuss a portion of a Psalm, have a quiet time with Psalms and prayer, and memorize entire passages from the Psalms through repetition, copywork, actions, and music.

J Daily math lessons are scheduled in the Appendix for *Singapore Math 3A/3B and 4A/4B*. For those transferring from another math program, the schedule for *Math 2A/2B* is also provided in the Appendix if needed.
